Art for Armor

Hand-Painted Heraldry

Joseph E. Criscuoli

How this all Started

My brother Stephen's interest in heraldry, combined with his 39th birthday, spurred me to use my artistic talents and paint our family Coat-of-Arms as a gift. Steve turned 40, asked for a Shield and for me to paint it. The images on this page, and my brother's guidance, bring this service to you. Hand-painted Shields and formal, professional, portraits of your Coat-of-Arms ready for framing, Using high-quality materials and artwork representing your family emblem, I can work with you to create a visual that you will be proud to frame or display. For more information, send me your Coat-of-Arms and request an estimate of costs.
